# Student Laboratory Rotation Evaluation Form

Stanford MEDICINE | Immunology

**Laboratory rotations are important components for First Year graduate students. A Student Lab Rotation Evaluation form should be submitted by First Year graduate students after each rotation/quarter.**

**Instructions:**

1. Please type or print clearly into each field.
2. Complete Part I and II. An incomplete form will not be accepted.
3. Submit a copy of the completed form to Lina Hansen (lhansen@stanford.edu). Keep the hard copy for your records.

## Part I: Student Information

Last Name | First Name | Middle Name | Stanford ID#

Phone # | E-mail

Date of Rotation (Quarter/Year)

## Part II: Evaluation

1. Please give a short description of your rotation project or goal, and then provide an assessment of your progress (e.g., technical skills learned, availability of mentoring and help, laboratory atmosphere).

2. Please rate your laboratory rotation experience (excellent, highly satisfactory, satisfactory).

**For Office Use Only:** **09/2020**
