

Unit 6: Why Should I Be Worried About Pod-Based Systems?

The discussion points below are designed for you to initiate an essential conversation with a trusted adult in your life. It does not matter if you know the factual answer; you can research that together at a later time. What is important is that you are able to communicate with a trusted adult, to broaden your perspective on this topic.

Why do you think pod-based systems (e.g., JUUL, PHIX, Suorin) appeal to youth?

If you have seen JUULs in your community (image to the left), how would you describe a JUUL? If not, what might this device be mistaken for?

Use the t-chart below to make a list of what you know about pod-based systems (e.g., JUUL, PHIX, Suorin) and what questions you might have about these products.

What do you know	What questions do you have

What would you tell an adult who doesn't know anything about the health risks of young people using JUUL?
