

Simple Banner

Simple Banners display imagery in a wide landscape format with multiple captioning options ideal for introducing content. Unlike Image components, Simple Banners do not have a "wrap text" feature so they are best placed on top.

Features

- Crop tool
- Headings with icons
- Caption tool
- Hyperlink

Introduce your page with a quality landscape image

Pro Tips

- Use relevant, high-quality imagery
- While usable on any page in any location – ideal at the top, in wider columns
- Crop as landscape to better fit captions and headings
- For multiple rotating banners, use the Banner Builder
