

Giving Promotion Box Component

Description of Component

The Giving Promotion Box is a globally configured component that allows web authors to place on their web pages a giving promotion component. No configuration is necessary for web authors. The configuration is done by the Adobe CQ administrator. Generally, the global Giving Promotion is placed in the left navigation area under the website page links.

How to Use the Component

1. You can identify the Giving Promotion Box component in the Web Author toolkit as follows:

2. Drag the component onto the page in the place where you want the item to display.

3. Or, right click and select New.

The component displays something similar to this:

There is no editing or configuration necessary as that is done globally by the Adobe CQ administrator.
