

Video Player Component

Description of Component

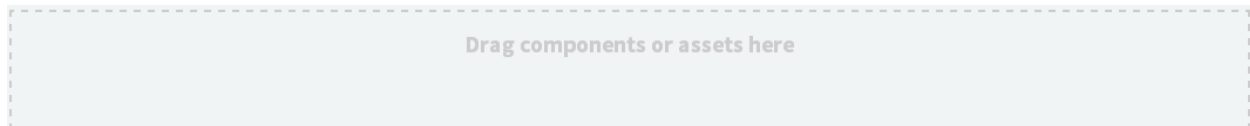

The Video Player component is used to display videos on a web page. This video player allows a web author to grab the video ID from their MediaSpace hosted videos and configure the player with customizations.

How to Use the Component

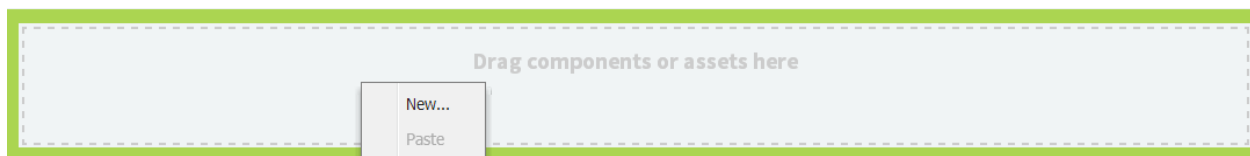

1. You can identify the Video Player component in the Web Author toolkit as follows:

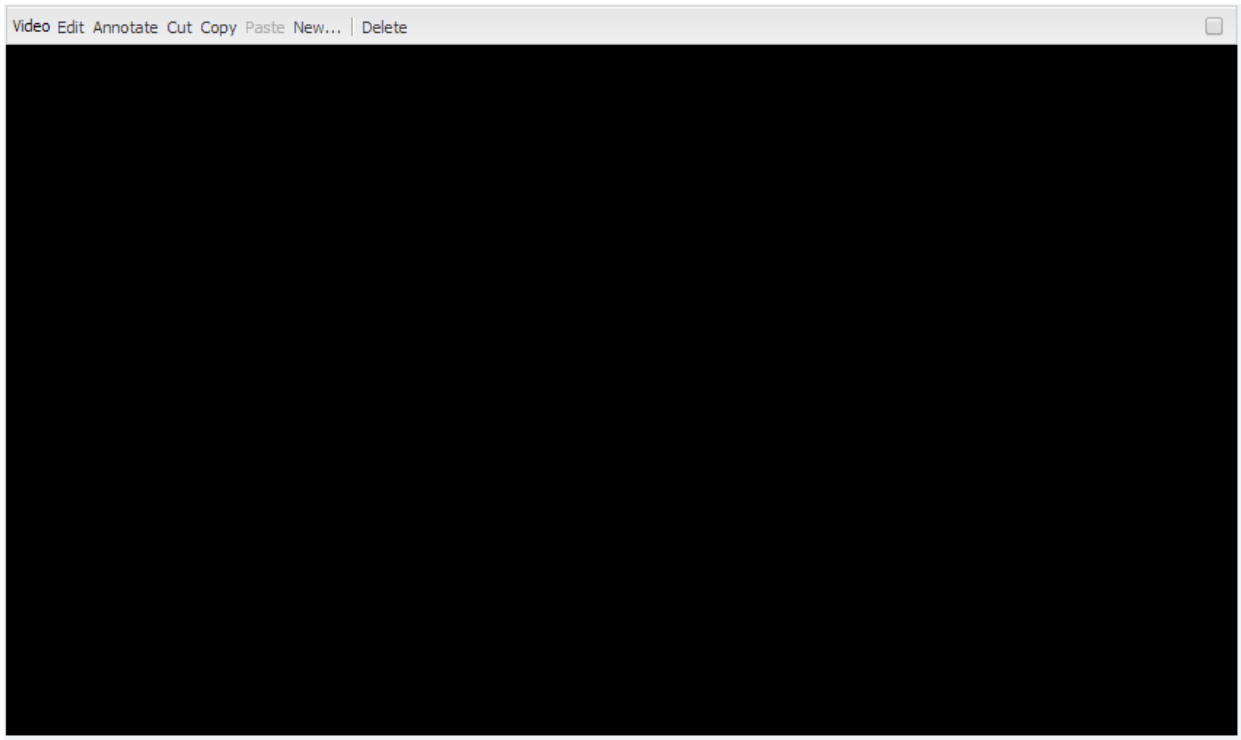

2. Drag the component onto the page in the place where you want the text to display.

3. Or, right click and select New.

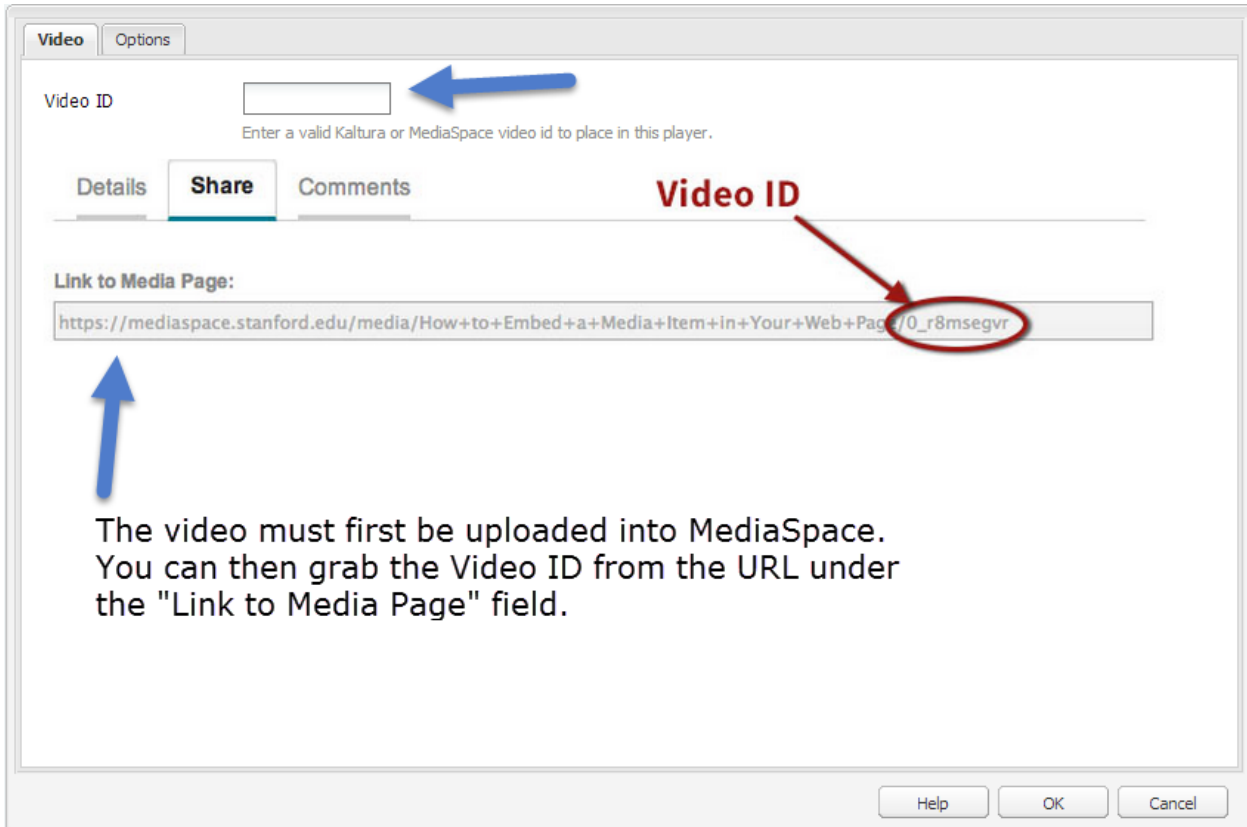

The component displays on the web page similar to the example below.

4. Click Edit to bring up the component dialog.

5. Add a Video ID in the field.

Video ID

Enter a valid Kaltura or MediaSpace video id to place in this player.

Details **Share** Comments

Video ID

Link to Media Page:

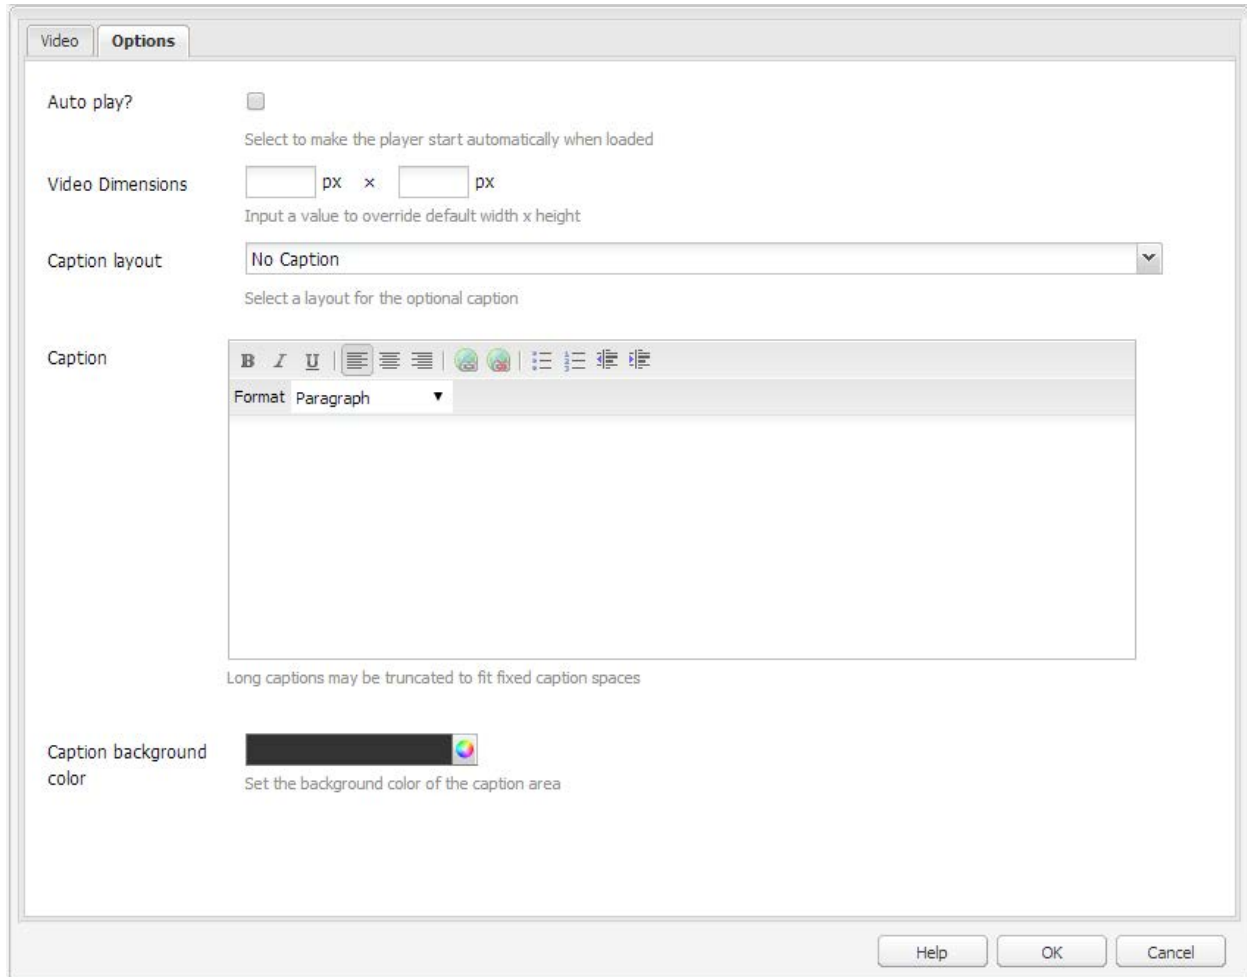

https://mediaspace.stanford.edu/media/How+to+Embed+a+Media+Item+in+Your+Web+Page/0_r8msegvr

The video must first be uploaded into MediaSpace. You can then grab the Video ID from the URL under the "Link to Media Page" field.

Help OK Cancel

6. You can click OK to use the default options, or click the Options tab to enter customizations.

7. On the Options tab you have the following optional fields you can change.

8. Check the Auto play field to have the video play upon page load.

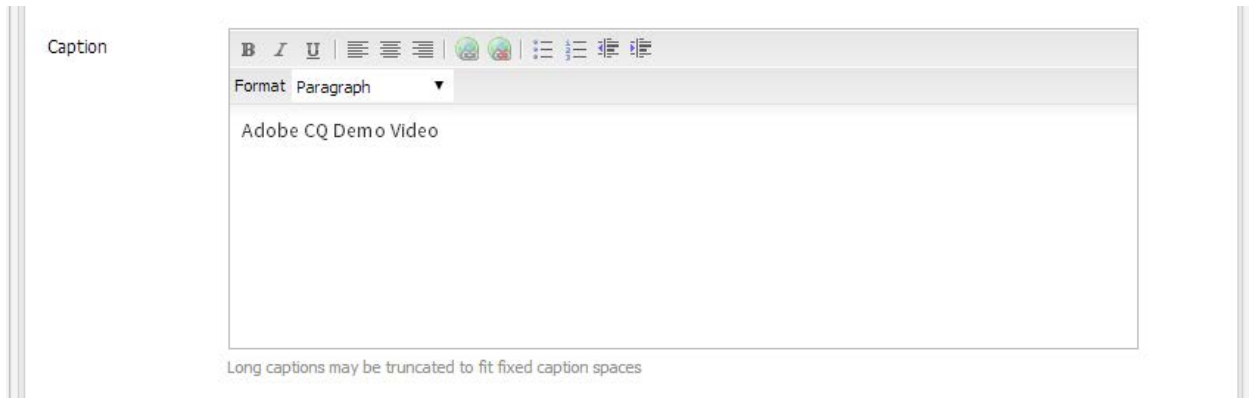

9. Select the Video Dimensions.

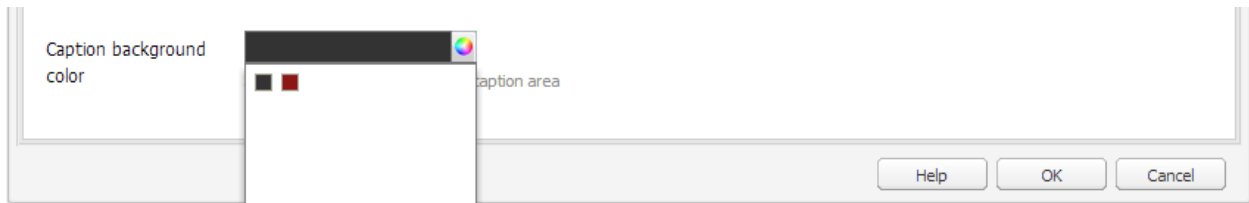

10. To change the caption, click the down arrow to view and select an option.

11. Add caption text.

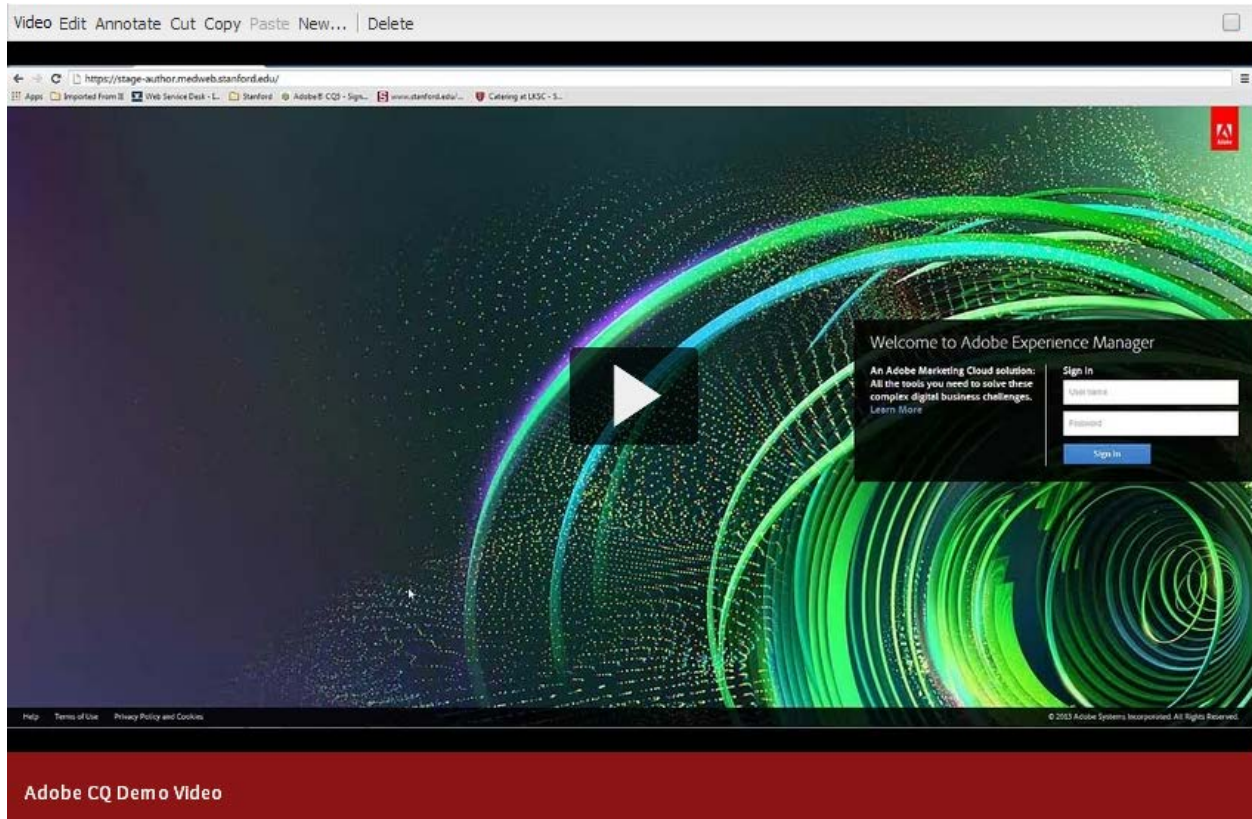

12. Select the Caption background color.

13. Click OK to save the changes.

Example

The image shows a video player interface. At the top, there is a menu with options: Video, Edit, Annotate, Cut, Copy, Paste, New..., and Delete. Below the menu is a browser address bar showing the URL: `https://stage-author.medicweb.stanford.edu/`. The main content area of the video player displays a login screen for Adobe Experience Manager. The background of the login screen is a dark space with glowing green and blue circular patterns. A large white play button is centered over the video. The login form includes the text "Welcome to Adobe Experience Manager" and "An Adobe Marketing Cloud solution: All the tools you need to solve these complex digital business challenges. Learn More". To the right of this text is a "Sign In" section with input fields for "User Name" and "Password", and a "Sign In" button. At the bottom of the video player, there is a red banner with the text "Adobe CQ Demo Video".
