MD STUDENT SUMMER RESEARCH PROGRAM
in Cardiovascular Medicine

Supervised by Stanford Physician-Scientist Faculty Mentors

Paid 10-week program begins in Summer 2022.

Execute an independent research project in the lab of a Stanford faculty member.

Diverse projects available in population-based, clinical, translational, and basic cardiovascular and pulmonary research.

Additional opportunities for professional development, skills training, social events, and learning rigorous and reproducible research practices.

Stipend varies from $6,300 to $8,200.

Deadline: March 31st, 2022
