Welcome!

The Stanford Biosciences Student Association (SBSA) would like to welcome you to graduate school and to the Stanford community!

SBSA is a student-run organization that serves and represents graduate students from biology-related fields in the School of Medicine, the School of Humanities and Sciences, and the School of Engineering. Our mission is to impart a political voice to graduate students in biology and related fields, to provide educational and career-building opportunities, and to help build community among Bioscience graduate students.

Some of you have already been to a SBSA sponsored function: the First Year Camping Trip. In addition to the Camping Trip, we also sponsor other social and professional activities that give students the opportunity to interact with people outside of their department. These activities include:

- New student orientation
- Monthly social hours (free food and beverages!)
- Intramural sports teams and outdoor activities
- Student and fellowship Mentoring Programs
- Networking with Stanford Alumni

We welcome your input, energy, and enthusiasm! If you're interested in becoming involved, we have monthly lunchtime meetings, see times at http://sbsa.stanford.edu/events/calendar.html.

In addition to our monthly meetings, you can stay abreast of upcoming SBSA events in these ways:

- Website: sbsa.stanford.edu
- Facebook: facebook.com/sbsa.official
- Twitter: https://twitter.com/sbsa_official
- Instagram: https://www.instagram.com/sbsa_official/
- SBSA-announce: This mailing list lets you know about current SBSA events and programming. It is also includes the SBSA newsletter. Only SBSA officers and School of Medicine Office of Student Life administrators can post to this list.
- Biosci-ask: Need to borrow a reagent, get help on a protocol, sell some furniture, or find a roommate? Try posting to biosci-ask. Only members of this mailing list can post to it, but any member of the
Stanford community can join.

- **Biosci-discuss:** Use this mailing list to promote events of interest to, raise issues with, or share relevant articles to the biosciences community. There is no moderation of members posting to this list; we will approve non-member posts on a case-by-case basis.
- To subscribe to these lists, go to [http://mailman.stanford.edu](http://mailman.stanford.edu) and type “sbsa-announce”, “biosci-ask” or “biosci-discuss” into the “Go to Subscriber Page” box

### Home Program representation in SBSA

The Departments and Programs that are represented by SBSA include the below. Each Home Program has its own SBSA representatives who can be found at [http://sbsa.stanford.edu/about/leadership.html#home_program_representatives](http://sbsa.stanford.edu/about/leadership.html#home_program_representatives).

● Leadership Retreat
● Alumni Tailgate
● Hikes
● Day trip to Wine Country
Li Ka Shing Center for Learning and Knowledge (LKSC)

SBSA will be your liaison to the LKSC. The fourth floor of the LKSC houses student facilities available only to medical students and biosciences graduate students, creating seamless social, professional, and academic experiences for these students.

The LKSC 4th floor has:

- Balcony with study/lunch tables as well as comfy chair and couches
- 24/7 Gym equipped with treadmills, ellipticals, bikes, dumbbells, stretching mats and more…
  - Complimentary lockers are available for daily use (not overnight) and showers
- Berg Commons: lounge space with kitchen, ping-pong and foosball
  - Kitchen has two full-size refrigerators, two microwaves, toaster, water boiler and more.
  - This is a shared space with dishes and appliances for common use - Just make sure to clean up after yourself!
- Public Computers - They are networked to a printer on the floor, and have general Internet access. - Couches and a GIANT TV (72") - The TV is equipped with Cable and a blue-ray player and the couches are oh-so comfortable leather.
- Study Rooms - Rooms can hold 3-8 people (depending on the room) and the larger ones include screens that you can hook your laptop up to using VGA and DVI. You can sign up for the rooms up to 24 hrs in advance for no more than 6 hours on the sheets located on each room’s door.
- Retreat Room - Also known as the "Technology-free room" or Quiet Room. This room has 3 fully reclining chairs, and a large comfy leather couch. Feel free to come relax (and even nap) in this room, but no computers or cell-phones allowed. Cell phones can be used as alarms (but this is IT!)

Obtaining Access to LKSC:

- A medical ID badge is needed to access LKSC’s 4th floor, see the following webpage for details on obtaining at ID: http://biosciences.stanford.edu/current/incoming/id-cards.html.
- Gym Access: For access to the gym on the fourth floor of the LKSC you will need to go to the gym during the day and sign a waiver. Approval for that access is given by the management of the LKSC. Allow 72 hours for access to be activated after the waiver form is signed.
BioAIMS

Website: bioaims.stanford.edu
Facebook: facebook.com/StanfordBioAIMS

The purpose of BioMedical Association for the Interest of Minority Students (BioAIMS) is to address the needs and concerns of current underrepresented graduate students in the Biosciences. BioAIMS is committed to promoting a supportive community and to enriching the opportunities available for underrepresented students pursuing an advanced degree in science. BioAIMS is an independent organization that works closely with SBSA and offers many useful programs for ALL first-year students. BioAIMS is for EVERYONE!

The goals of BioAIMS are:

- To promote the recruitment and active retention of underrepresented students for graduate studies in the biological sciences.
- To facilitate academic success through academically focused workshops.
- To stimulate professional growth through career development sessions
- To foster a student support network through social interactions

If you would like to be added to the BioAIMS mailing list, email Laura at: (bioaims-all@lists.stanford.edu).
Navigating graduate school

Graduate school is both extraordinarily rewarding and demanding at the same time. Getting perspective on what to expect, how to anticipate and deal with potential problems, and just hearing the experiences of others can be invaluable. Below are a series of resources/articles both as you start and continue through graduate school.

If you have suggestions for additions to the below lists, contact sbsa-officers@lists.stanford.edu.

National Science Foundation Fellowships

https://www.fastlane.nsf.gov/grfp/Login.do
Deadline: October 26, 2015 (Monday) for Life Sciences
The NSF Pre-Doctoral Graduate Research Fellowship is a three-year prestigious, nationally-competitive (about 10% of applicants are successful) fellowship. **Everyone who is eligible should apply!** Ph.D. students may apply during their first and second years of their Ph.D. Citizenship requirements apply. For more information, application details, and eligibility requirements, see the website.

We would also recommend anyone who is eligible to apply for National Defense Science and Engineering Graduate (NDSEG) Fellowship: https://ndseg.asee.org/.

Estimated Taxes

http://www.irs.gov/businesses/small/article/0,,id=110413,00.html
If taxes are not taken out of your stipend (likely they are not), you will need to pay quarterly estimated taxes to the IRS. Check with your Student Services Administrator To determine how to estimate your quarterly taxes go to: http://www.fairmark.com/estimate/

Banking

The closest ATM to the School of Medicine campus is located near the Stanford Hospital cafeteria, with ATMs for both the Stanford Credit Union and Wells Fargo. There is a small branch office of the Stanford Credit Union near the Emergency Room entrance to the Stanford Hospital.

Further afield, the Stanford Credit Union and Wells Fargo both have locations in Tresidder Union. Bank of America also has ATMs at Tresidder (see campus map). There is also a Wells Fargo in the Sharon Heights shopping center (near off-campus apartments) on Sharon Park Drive

Other locations include*:

*This does not constitute an endorsement by SBSA
Housing

Sticker shock.

Housing is expensive here. Why? Essentially, there are a lot of people with a lot of money here, and a limited supply of housing options. The tech industry is booming, and the standard salaries for most employees are $80k and upwards, so the base salary of other applicants for apartments in the area is quite high. In addition to high salaries, there are many people who have enormous additional income from investments and stock from companies before they were publicly traded. Also, Bay Area real estate is viewed as a "safe investment" from people abroad, so many foreigners will pay full cash price up-front for residential property. These cash offers often out-compete Bay Area residents who would otherwise buy these houses and properties, so those people continue to rent. Additionally, due to some very vocal community advocates who oppose new housing developments, the population growth along the whole peninsula has dramatically outpaced the supply of new housing. What this means for you: Housing is very expensive, and very competitive.

Apply for on campus housing.

Unlike many peer institutions, Stanford has numerous and affordable campus housing options and it is a popular choice among graduate students. All housing are apartments, commonly studios or 2-4 bedrooms, and equipped a full kitchen and bathroom (not at all like undergrad dorms!). They come fully furnished, but it’s possible to easily disassemble the bed it comes with to use your own, and to add additional furniture. All incoming students are guaranteed housing their first year if they check the "live anywhere" box on the application. You can apply with a roommate, or Stanford will assign you a roommate. The prices are cheaper than you will find anywhere in the neighborhoods surrounding Stanford.

There are some off-campus apartments Stanford contracts through, but it is all through one Stanford-operated application process. If you live off-campus through Stanford, however, you cannot renew your lease. Whereas if you are formally on-campus, you can renew your lease through graduation. Keep in mind that if you choose to move off campus, or apply for campus housing after your first year, it is virtually impossible to get campus housing due to such high demand. If you have bad luck in the housing lottery and are assigned to an off campus apartment, you can put your name on the waitlist to move into on-campus housing. It is advisable to do this immediately if you find yourself in this scenario.

Family housing: what if I have a spouse or partner and/ or children?

Stanford also has housing options if you have a significant other and/ or children. If your significant other is not affiliated with Stanford, you are both still eligible to apply for this option. Many of the designated couples and family housing units are in Escondido Village. If you have children, there are separate move-in dates for you that coordinate with local school schedules. Stanford is working to increase the number of units available to couples without children but currently there are not enough units to meet demand so you should plan for the possibility of being assigned to subsidized off campus housing. For couples with children there is sufficient space and you can expect to be assigned to on campus housing within a courtyard. Please note, however, that a change in relationship or family status does not change your priority with respect to housing. Therefore if you lose your priority status by choosing to live off campus when you arrive you will not have guaranteed housing even if you have children or change your relationship status.

Family housing on Stanford campus is one of the highlights of graduate school for most students with children.
The housing is setup to provide a safe and fun play area for children and to foster a community among families. Housing surrounds a gated courtyard with a playground and grassy area where children play throughout the day. Most children find plenty of playmates their age and the diversity of families living here results in a strong support network for student families. There are a good number of families with stay at home parents as well as nannies so children are playing in the courtyard all day long and, because there are usually many families out, parents and nannies have someone to chat with while watching their children. Make sure you meet your courtyard assistant (CA) soon after moving in so that you can get connected into the community.

Deadlines

As soon as you are accepted as a new student at Stanford and decide to attend, fill out the housing application through Axess. Housing selection is a lottery for ALL graduate students after the application date. In other words, when you get your application in before the deadline doesn’t matter, but don’t risk missing the deadline.

This year the deadline is May 5, 2016.
Useful links:
https://rde.stanford.edu/studenthousing/assignments-contracts

Have roommates

The price of a studio or 1 bedroom, whether it's on campus or off campus, comes with a $$$ premium. Living with at least one other roommate dramatically reduces your rent and utilities costs. Stanford will assign a roommate to you through campus housing, but if you have someone in mind and you follow all the application instructions, you can choose your roommate. Most Stanford graduate students are pretty great, and make wonderful roommates. Even with roommates through campus housing, your contract is only for you. Your rent payments and housing status are unaffected by any personal or financial decisions your roommate makes. Outside of Stanford, there are many young working professionals who are open to having a Stanford grad student as a roommate.

Living off-campus: how to find housing

Craigslist, Padmapper, SUpost, student listservs.

If you elect to live off campus, Craigslist, Padmapper, and SUpost (Stanford-affiliated version of Craigslist) are good places to start your search. Many departments have listservs where it is common for people to inquire about housing wanted and housing offered. Additionally, there is a single listserv for bioscience students in all of the home programs.

The time frame for off campus availability and move-in dates fluctuates wildly. Many apartment complex will not hold housing for which you’ve been approved for longer than a few weeks, which can make it difficult to plan months in advance. Summer and early fall is also generally when housing prices are at a peak. A common alternative is to sublet an open room in a house or apartment with an ongoing lease. While this option can offer much more flexibility depending on availability, it is advised to be prudent about the legality and liability of any particular scenario. If the option to sign a formal written lease with consent of the management company is not made available to you, that’s a red flag that something sketchy might be happening which could leave you vulnerable to potentially expensive and inconvenient legal liabilities. Rent at your own risk.
Living off-campus: transportation options

If you elect to live off campus and outside of comfortable biking range, try to look for a place near the Caltrain line. Caltrain is the main form of public transportation on the peninsula (Bart runs along the East Bay). Stanford offers STEEPLY discounted caltrain passes to students who live off campus. You can bring your bike on the Caltrain, and there is also a free shuttle system called the Margeurite that circulates between the Palo Alto Caltrain station and the Stanford campus.

http://transportation.stanford.edu/alt_transportation/EcoPass.shtml

Statement of support letter from your department

Although your stipend may seem meager, your full support package is quite impressive. Stanford is paying full tuition, fees, and health insurance for you, which totals to about $80 - 90,000. When you apply for an apartment, they will often ask for proof that your income is 3x the monthly rent. Many landlords and rental companies don't "get" what being a graduate student means, where your money comes from, and where it goes. You can request a "letter of support" from your department that details your full compensation package, which will increase your chances of your application being accepted.

Credit score.

It is common for landlords and rental companies to run a credit check with your application. Do everything you can to improve your credit score (ex: refinance your student loan payments favorably, reduce your credit card debt, request an increase in your credit limit).

Remember, you are able to get a free copy of your credit report every 12 months: https://www.ftc.gov/faq/consumer-protection/get-my-free-credit-report.

Pets

Pets are fuzzy and adorable, but they can make finding an apartment a huge pain. Stanford campus housing does not allow pets at all (with the exception of service animals). Although it is possible to find off campus housing where pets are allowed, there are additional monetary premiums you will pay. Monthly rent tends to be higher for places that allow pets, and there are additional cleaning/ damage deposits required. They can also limit your potential roommate pool because many people are allergic. In addition to the other costs of pet ownership (food, toys, treats, additional cleaning, vet bills, and time), please take the time to consider as to whether pet ownership would fit into your lifestyle as a graduate student.

New housing

Stanford is planning on building new residences that will provide on campus housing for an additional 2,000 single graduate students.

Transportation

Getting Around Campus:

**Bikes:** Stanford has a very big biking culture, as you’ll soon find out when you try to cross the street when classes are changing. The spread of academic buildings and residences prompts most graduate students to purchase bikes, to speed up the 25 minute walk from their apartment. There are several places to get bikes, including the Stanford Campus Bike Shop at Tressider Union, The Bike Connection on El Camino, and Cardinal Bikes on El Camino. Parking & Transportation Services lists a variety of places to purchase new and used bikes, as well as a host of other good info at [http://transportation.stanford.edu/alt_transportation/BikingAtStanford.shtml](http://transportation.stanford.edu/alt_transportation/BikingAtStanford.shtml). Be sure to note that you’re required to register your bike at the P&TS office. Always lock your bike securely to a bike rack, preferably with a U-lock.

**Shuttle:** Stanford’s free Marguerite shuttle system also covers the entire campus in a dense mesh of routes. You’re never more than a five-minute walk from a stop. Check out the website for specific times, route details, etc, [http://transportation.stanford.edu/marguerite/MargueriteSched.shtml](http://transportation.stanford.edu/marguerite/MargueriteSched.shtml).

*Note:* Be sure to check out the Shopping Express route, which runs to the San Antonio Shopping Center regularly seven days a week. And if you live in Menlo Park there are two shuttles that run there during normal working hours (SMP and Bohannon).

Getting Around The Bay:

**Caltrain:** Caltrain provides commuter rail service along the San Francisco Peninsula, through the South Bay to San Jose and Gilroy. There is a convenient stop near University Ave in Palo Alto that you can get to easily via Stanford’s Marguerite shuttle. If you are living off-campus, apply for Stanford’s Pilot Go Pass program for unlimited travel on Caltrain: [https://transportation-forms.stanford.edu/pilotgopass/](https://transportation-forms.stanford.edu/pilotgopass/).

**Buses:** Valley Transportation Authority (VTA) bus system has a Route 22 that runs along El Camino from Menlo Park to San Jose. You can catch the bus at the Palo Alto Transit Station and take it to Showers Dr. to get to the San Antonio Shopping Center (about a 20 min ride) – see shopping needs section. The 22 bus runs about every 10-12 min. Check out the website for specific details ([http://www.vta.org/schedules/SC_22.html](http://www.vta.org/schedules/SC_22.html)).

**SamTrans** has 48 bus routes that run through San Mateo County, some into San Francisco (airport) and Palo Alto.

**Car Rentals:** If you find yourself in need of a car, you can rent at the Enterprise rental office on campus. They have a discount for Stanford students. Their address is 360 Oak Road, Stanford, CA 94305-4502, (650) 833-8060. They are located inside Parking Structure 5 (look on a Stanford campus map), next to the Marguerite Shuttle Office. Open Monday through Friday: 8 a.m. to 6 p.m., Saturday and Sunday: 9 a.m. to 12 p.m. Check out their website for more info. ([http://transportation.stanford.edu/alt_transportation/Enterprise.shtml](http://transportation.stanford.edu/alt_transportation/Enterprise.shtml))

**Zipcar** has a strong presence at Stanford, with 50 cars at 18 locations around campus. For brief, occasional use of cars, such as trips across the bay, into San Francisco, or into Napa, Zipcar is a pretty safe bet. More information can be found at the Parking and Transportation Services website. ([http://transportation.stanford.edu/alt_transportation/zipcar.shtml](http://transportation.stanford.edu/alt_transportation/zipcar.shtml))

**BART:** Bay Area Rapid Transit is a rail system that starts at Millbrae and runs through downtown SF and to
the East Bay. Main connection between BART and Caltrain is at Millbrae Station, connect here to take BART to the San Francisco Airport (SFO).

Getting to the Airport:

**SuperShuttle:** Shared ride service to nearby airports. Stanford has a student discount for $6 off each way when a reservation is made online. Use code: T9X58

**Note on Paying for Public Transport:** Clipper® is an all-in-one transit card that keeps track of any passes, discount tickets, ride books and cash value that you load onto it, while applying all applicable fares, discounts and transfer rules. This lets you customize your card for your own transit needs. The Clipper card can hold multiple passes, ride books or tickets (which are specific to the transit system being used), as well as up to $300 in cash value at one time. Cash value on your Clipper card can be used to ride any participating transit system (includes Caltrain, BART, SamTrans, VTA, SFMTA, AC Transit, Golden Gate Ferry, San Francisco Bay Ferry)

**Note on Gas:** There is nothing better to welcome you to California than gas prices at $4 plus per gallon. Generally, the best gas prices are in Mountain View (south on El Camino) or in Redwood City (north on El Camino). There are even cheaper prices in Sunnyvale (south of campus), but it’s farther away than the other two cities.

**Note on Parking:** All vehicles parked on campus are required to have a parking permit. There are day passes for visitor parking and also permits for those living on campus. There are also metered spots near the Med School campus in Parking Structure 1, the LKSC parking lot, and near the Cantor Arts Center. You can check out the current parking permit rates online at [http://transportation.stanford.edu/parking_info/ParkingInformation.shtml](http://transportation.stanford.edu/parking_info/ParkingInformation.shtml), or stop by the P&TS location in person. If you live off campus, you can purchase A or C parking permits, which allow you to park in designated spots around campus. If you only drive to work occasionally (a few times a month or less) you can purchase daily “scratcher” permits for parking in A or C spots. If you commute from off campus but do not plan on buying a parking pass you can join the Commute Club, [http://transportation.stanford.edu/alt_transportation/Commute_Club.shtml](http://transportation.stanford.edu/alt_transportation/Commute_Club.shtml). It rewards people who find alternative forms of transportation up to $300 a year in Clean Air Cash or Carpool Credit.
Shopping needs

San Antonio Shopping Center
This place is a "one-stop shopping" kind of place – ideal for setting up house.

Directions: From any campus exit on El Camino, turn right on El Camino and go 3-4 miles (south). For the best entrance to Wal-Mart and Target, make a left on Showers Dr. (the first street/traffic light past San Antonio and Whole Foods on the right hand corner). Target will be on your right and Wal-Mart (and all other stores) will be on your left. Safeway is on California St. (Make a left at the first traffic light on Showers Dr. onto California St.).

Bed Linens and Housewares

Bed, Bath, & Beyond
There are two Bed, Bath, & Beyond locations close by. The one in Mountain View is closest for those living in EV or Rains. If you live on the west side of campus, the Redwood City one is closer.

Mountain View
Hours: Open daily from 9 am - 9 pm
Directions: Go south on El Camino for 2 miles, Turn left onto W Charleston Rd (at a major traffic light, Ford and Volvo car dealerships on the right corner). Go for about 2 miles and Bed, Bath, & Beyond will be in a shopping center on the left before Hwy 101

Redwood City
Hours: Mon – Sat 9 am – 9pm, Sun 9 am – 7 pm
Directions: Go north on El Camino for 4 miles. Store will be on your left just past the underpass.

IKEA
Great for picking up extra furniture like bookcases, desks, chairs, etc. Essentially, you have to assemble everything yourself.

Store Hours: Open Daily 10 am - 9 pm
Directions: From campus take University Avenue (Palm Drive turns into University after you cross over El Camino) all the way through Palo Alto (about 2 miles) and cross over Hwy 101. Turn right on Donohoe Street and continue on E. Bayshore Rd. IKEA will be on your right.

Note: Best Buy and Office Depot are across the street in the Ravenswood Shopping Center.

Grocery Stores

Safeway
This is the cheapest grocery store and there are lots of locations. Listed below is the closest one. However, if you live in Sharon Green, Seven Oaks, or on-campus in Lyman, there is a closer Safeway on Sharon Park Drive. Be sure to get a Safeway card at customer service desk or when checking out to receive the discount/sale prices.

Hours: Open 24 hrs
Directions: Go north on El Camino (less than 1 mile past Stanford Shopping Center), Safeway will be on left. To enter, turn left on Middle Ave (at a traffic light with Shell gas station on the left corner).

Note: There is a Staples across the street if you need office supplies.
Trader Joe’s
Mixed goods store with primarily dried goods and really good frozen foods. Their produce is pretty hit or miss. It is also a good place for cheap wine. Locations in Town & Country (very close to downtown Palo Alto), San Antonio Shopping Center, and Menlo Park.

The Milk Pail
A European-style open-air market with great (and cheap!) produce, cheeses, breads, etc. (A must try!) It is located across the street from Safeway in the San Antonio Shopping Center on California Street.

Whole Foods
This is a medium-to-pricey organic grocery store located in downtown Palo Alto. They have lots of great fresh produce, breads, and meats. They also have a pretty thorough beer and wine selection.

Hours: Open daily from 8 am to 10 pm
Directions: From campus, take University Ave to Emerson St. (the second street after the underpass) and turn right. Whole Foods is at the end of the third block, at the corner of Emerson and Homer.

Sigona’s Farmers Market
This is a small market with great fresh produce and a great selection of dried fruits and nuts located in the Street Market Area of the Stanford Shopping Center (next to Schaub’s Meat, Fish, & Poultry). Hours: Mon-Sat 9 am - 7:30 pm, Sun 9 am - 6:30 pm

Costco
This is a wholesale retailer similar to Sam’s Club. A membership is required (can split between two people) and items are primarily sold in bulk. I don’t think you would use Costco on a frequent basis, but it would definitely be good if you were planning to throw a big party or something. You can also purchase items like beds, desks, TVs, etc. here.

Hours: Mon-Fri 11 am - 8:30 pm, Sat 9:30 am – 6 pm, Sun 10 am - 6pm
Directions: Take El Camino south to Rengstorff (about 4 miles). Make a left on Rengstorff, and Costco will be in a shopping center on the left immediately before Hwy 101.

Electronics

Fry’s Electronics
Hours: Mon-Fri 8 am - 9 pm, Sat 9 am - 9 pm, Sun 10am - 7pm
Directions: Go south on El Camino (about 1 mile), turn left onto Portage Ave. (first traffic light past Page Mill Road).

Best Buy
Hours: Mon-Sat 10 am - 9 pm, Sun 11 am -7 pm
Directions: Go south on El Camino for 2 miles, Turn left onto W Charleston Rd (at a major traffic light, Ford and Volvo car dealerships on the right corner). Go for about 2 miles and Best Buy will be in a shopping center on the left before Hwy 101

Office Supplies

Staples
Hours: Mon - Fri 7 am-9 pm, Sat 9 am-7 pm, Sun 10 am-6 pm
Directions: Go north on El Camino for about 1 mile. Staples will be on your right, across from the Safeway.
**Shopping Malls**

If you feel the need to pad your wardrobe, here is a list of the closest malls.

**Stanford Shopping Center**
This mall is the closest but is also the priciest.
Major Stores: Nordstrom’s, Bloomingdales, Macy’s (and Macy’s Mens), Nieman Marcus
Other Stores of Interest: Crate & Barrel, Gap, Apple Store, Nike Women, Abercrombie, Express, J Crew
Directions: Right next to the hospital/medical school. Can take the Marguerite A Line shuttle. On the corner of El Camino and Quarry Rd and El Camino and Sand Hill Rd.

**Hillsdale Shopping Center**
This shopping center is smaller than the Stanford Shopping Center with a larger selection of more moderately priced stores. It is located north of campus off Hwy 101 at Hillsdale Blvd and El Camino.
http://www.shophillsdale.com/winter/index.asp

**Valley Fair Shopping Center**
It is twice the size of Stanford Shopping Center with a wide range of stores from high-end to regular stores. It is located south of campus in San Jose. http://westfield.com/valleyfair/
